

Edit authors and permissions

Last Modified on 01/31/2024 12:04 pm EST

Authors with **Full Admin** permissions can manage all authors by going to their **profile icon/name** and selecting **Authors**.

The **Authors** page displays all authors and permissions along with the date of their last activity in app.knowledgeowl.com.

You can edit an individual author by clicking on their name and editing their author account details.
