Feature Requests

- **Added an optional WYSIWYG to snippet. You can now choose between the WYSIWYG and code editor inside snippets.**
- **Added reader group restrictions to snippets.**
- **Cursor is now focused inside the text area when adding article links, saving you a click!**
- **Added "view live article" link to webhooks**
- **Added support for custom version numbers.**
- **Home page now has new editor and custom CSS, so it's much more WYSIWYG**
- **Added the ability to delete versions**

Bug Fixes

- **Reduced the time it takes to save an article.**
