Change the slideout Table of Contents' width (Minimalist Theme)

Last Modified on 12/28/2022 12:24 pm EST

The Minimalist theme uses a slideout Table of Contents, which is set to 360px by default.

If you'd like to change the width of that Table of Contents:

1. Go to **Settings > Style**.

2. Below the preview pane, select **Custom HTML**.

3. In the Custom HTML dropdown, select **Body**.

4. Copy and paste the code below anywhere into your Body Custom HTML, changing the value="number" to be the pixel width you'd like to use (here, we use 450):

```
<input type="hidden" class="slideout-width" value="450">
```

5. Now go to **Custom CSS**.

6. Copy and paste the code below into your Custom CSS, changing the width pixel number to match the width you used above (here, we're using 450 again):

```
.slideout-menu {
  width: 450px;
}
```
