

# Edit a custom reader filter

Last Modified on 09/24/2025 12:14 pm EDT

To edit a custom reader filter:

1. Go to **Account > Readers**. The Readers page opens to the Readers tab.
2. Open the filter dropdown in the upper left and select the filter you'd like to edit.
3. Select **Edit Filter** next to the dropdown.

Select the custom filter you'd like to edit and select Edit Filter

The filter's details open between the filter dropdown and the readers list.

4. Make the changes you'd like to the filter in those details.
5. Select **Update Filter** to save your changes.
