Version review and activation (June 7th)

Last Modified on 06/21/2023 12:36 pm EDT

Details for our next session:
- **Day:** Wednesday, June 7th
- **Time:** 12:00-12:30pm EDT
- **Topic:** This was part two of our two-part series on **Versions**. In this session, we dug into the options you have for version review, approval, and activation. Version content review can be done fully within app.knowledgeowl.com or in your live knowledge base with specific reader groups--the choice is yours! We also talked about activating versions individually or in bulk. See you there. ☺
