

# Versions & revisions (May 24th)

Last Modified on 06/15/2023 3:53 pm EDT

## Details for our next session:

- **Day:** Wednesday, May 24th
- **Time:** 2:00-2:30pm EDT
- **Topic:** This is the first of a two-part Wisdom Wednesday series on [versions](#). In this session, we laid out the differences between automatically-tracked [revisions](#) and explicitly created versions, when you might use a version, basic version functionality, and worked through an overview of the version activation process.
