If you're using the Glossary, choose whether you want to display a link to the Glossary in your table of contents. The link displays with a small book icon beneath the **Home** link:

To add or remove the glossary link in your table of contents:

1. Go to **Customize > Website.** (Or, from the **Glossary** page, select **Edit in settings** next to **Link in the table of contents.**)
2. In the **Links and behavior** section, under **Table of contents elements**, check or uncheck the box to **Add a glossary link to the top of the table of contents.**
3. **Save.**

Refer to Website settings for more information on other settings available in **Customize > Website.**
