

Screen readers

Last Modified on 06/12/2025 4:28 pm EDT

These tools let you experience your knowledge base exactly as someone using a screen reader does. Not for the faint of heart:

- [Screen Reader Demo](#): Marc Sutton at U of C demonstrates how screen reader users actually navigate digital spaces
- [Pericles screen reader](#): Useful for quick checks in your browser (Chrome, Edge, Firefox)
- [NVDA screen reader](#): Downloadable for free, because accessibility really means something to them, but they do accept donations
- [JAWS screen reader](#): One of the most widely used screen reading tools

Thanks to our contributor

[Kenzie Woodbridge](#) shared most of these tool suggestions during [Season 3, Episode 6](#) of [The Not-Boring Tech Writer](#) podcast.
