

Update an existing recommended page

Last Modified on 04/07/2026 1:59 pm EDT

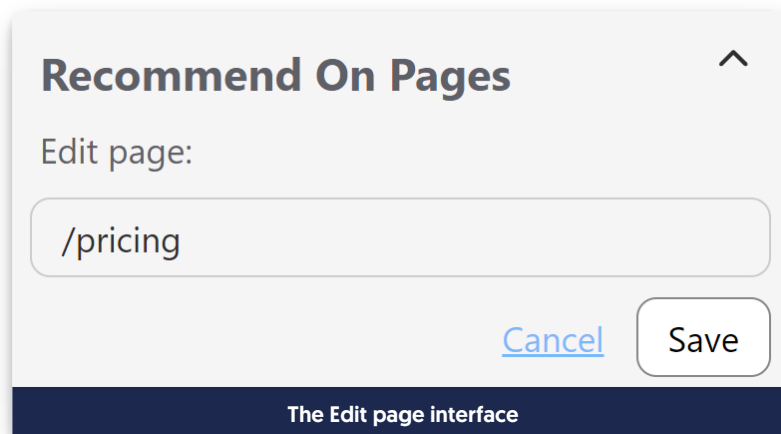

To update an existing **Recommend On Pages** path:

1. Open the article or category for editing.
2. In the **Recommend On Pages** section, select the text of the path you want to edit. Here, we'll edit our `/pricing` page path:

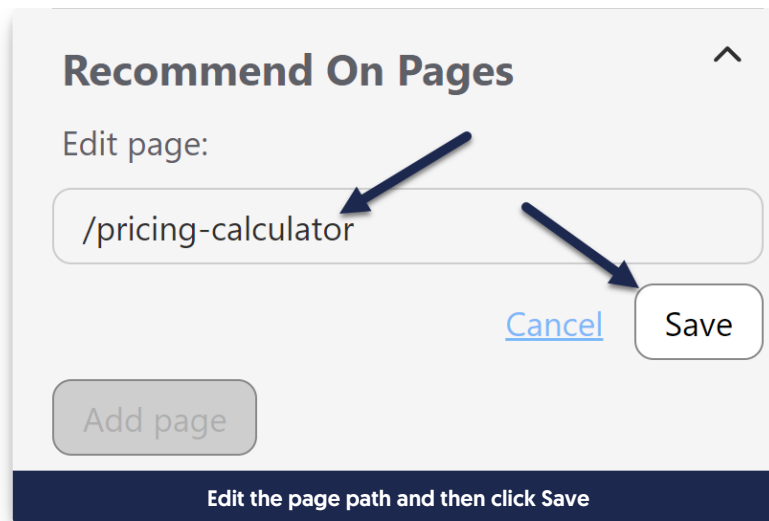

The **Edit page** section displays.

3. Edit the path in the text box.

4. Once you've finished making your edits, select **Save** directly under the page path:

5. Be sure to **Save** your article once you're done making your edits!
